WHAT THIS MEANS

Your Afterburn Defense affiliate link health report reveals a significant opportunity for improvement, with a Link Health Score of just 78 out of 100. Among the 17 total affiliate links discovered, 28 links are either unavailable, have limited regional availability, or are dead - representing a substantial loss of potential earnings. By addressing these issues, you can recover commissions without creating new content, amplifying your existing revenue stream.

HOW AFFILIO HELPS

1

AUTOFIX

2 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio checks your full link inventory on a recurring schedule — as often as every 7 days — and repairs dead or unavailable links automatically as soon as they're caught, no manual link-hunting required.

2

GLOBAL LINKS

16 videos linked to one Amazon region

None of the 16 Amazon videos route international viewers to their local marketplace. Affilio's region-aware routing sends each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.
