WHAT THIS MEANS

How Tasty's score of 75/100 reflects notable link decay: 3 unique broken links recur 42 times and 24 unique out-of-stock links recur 146 times, out of 113 total affiliate links, alongside 255 regionally limited links. Of the 43 tagged Amazon links, 42 Amazon videos link to a single region, and the channel's Amazon storefront doesn't support OneLink, sending international storefront viewers to the US store. Notably, 78.1% of the channel's total views land on a flagged video, meaning these issues touch the large majority of this channel's audience.

HOW AFFILIO HELPS

1 DEAD LINKS

27 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

42 videos linked to one Amazon region

None of the 42 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

3 GLOBAL STORE

Amazon store isn't geo-redirected

Your Amazon storefront link doesn't support OneLink, so every international visitor is sent to the US store — and you lose the commission on their purchase. On the Professional plan you set the regional targets once, and Affilio then routes each viewer to their local Amazon marketplace from then on.
