WHAT THIS MEANS

Your channel's Link Health Score is 80 out of 100, based on 3 affiliate links, of which 48 have limited regional availability and 24 point to a single Amazon marketplace. One Amazon affiliate link is tagged, and because the channel's Amazon storefront does not support OneLink, international viewers are routed to the US store, which may result in lost commission on non-US purchases. Currently, 46.4 % of your total views land on videos that contain these flagged links.

HOW AFFILIO HELPS

1GLOBAL LINKS

24 videos linked to one Amazon region

None of the 24 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

2GLOBAL STORE

Amazon store isn't geo-redirected

Your Amazon storefront link doesn't support OneLink, so every international visitor is sent to the US store — and you lose the commission on their purchase. On the Professional plan you set the regional targets once, and Affilio then routes each viewer to their local Amazon marketplace from then on.
