WHAT THIS MEANS

The channel's Link Health Score of 80 indicates generally solid link performance, with only 2 broken links out of 486 total. However, 244 links are limited to certain regions and only 1 video uses Amazon’s OneLink multi-market redirect, while 38 videos are tied to a single Amazon region, which may restrict access for viewers outside those markets. Currently, flagged videos represent 2.7 percent of the channel’s total views, a relatively modest share.

HOW AFFILIO HELPS

1 DEAD LINKS

2 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

38 videos linked to one Amazon region

Only 1 of 39 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

Affilio tracks every link you've shared, flags the ones that stop working, and gives you a replacement link to drop in — no video edits required.
