WHAT THIS MEANS

The channel's Link Health Score of 74 out of 100 suggests generally solid link compliance, but 183 of the 98 affiliate links identified have limited regional availability, which may reduce earnings from viewers outside those regions. Of the affiliate links, 27 are tagged as Amazon, and 37 videos link to a single Amazon market; because the channel's Amazon storefront does not support OneLink, international viewers are directed to the US store, potentially forfeiting commissions

HOW AFFILIO HELPS

- 1GLOBAL LINKS

37 videos linked to one Amazon region

None of the 37 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.
- 2GLOBAL STORE

Amazon store isn't geo-redirected

Your Amazon storefront link doesn't support OneLink, so every international visitor is sent to the US store — and you lose the commission on their purchase. On the Professional plan you set the regional targets once, and Affilio then routes each viewer to their local Amazon marketplace from then on.
