WHAT THIS MEANS

Phillip McKnight, with over 14.6% of your views currently landing on videos featuring broken or unavailable affiliate links, it's essential to prioritize a thorough link cleanup to maximize your earnings. Your channel's Link Health Score of 60/100 suggests room for improvement, while 23 affiliate links have limited regional availability and 5 are actually dead links, and 8 are unavailable links, indicating a significant opportunity for recovered commission. Fixing these flagged links without creating new content will yield direct revenue gains, underscoring the importance of timely action to optimize your channel's existing content.

HOW AFFILIO HELPS

1 DEAD LINKS

13 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

39 videos linked to one Amazon region

None of the 39 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.
