RAW AMAZON LINKS

7

missing affiliate tag · appears 10x across videos

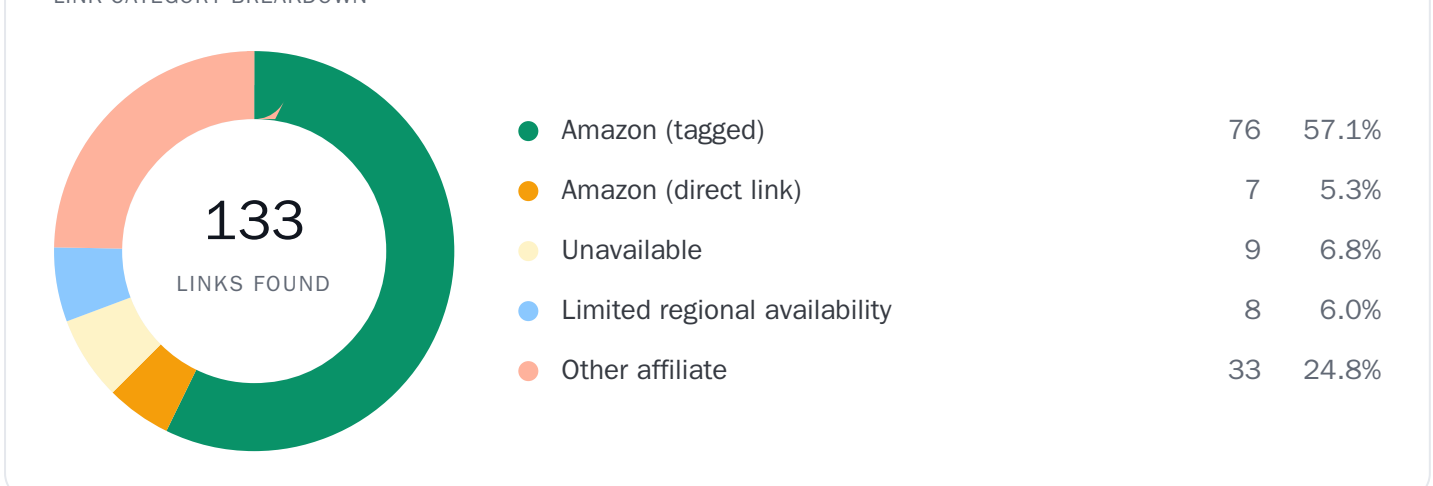

UNAVAILABLE LINKS

9

item out of stock

WHAT THIS MEANS

Based on our analysis of your affiliate links, the overall Link Health Score is 77 out of 100. This score is affected by various factors, including 9 unavailable links and 30 links limited to specific regions.

HOW AFFILIO HELPS

- 1

DEAD LINKS

9 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.
- 2

GLOBAL LINKS

31 videos linked to one Amazon region

None of the 31 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.
- 3

UNTAGGED LINK

7 raw Amazon links

A bare Amazon link with no affiliate tag earns you nothing, even when it converts — the click still converts, the commission just goes to whoever's tag is on the link. Swap in a tagged link and the same video starts earning again.
- 4

GLOBAL STORE

Amazon store isn't geo-redirected

Your Amazon storefront link doesn't support OneLink, so every international visitor is sent to the US store — and you lose the commission on their purchase. On the Professional plan you set the regional targets once, and Affilio then routes each viewer to their local Amazon marketplace from then on.
