WHAT THIS MEANS

The channel's link health score of 60/100 across 107 total affiliate links reflects 14 broken links, 17 unavailable links, and 7 with limited regional availability, alongside 13 Amazon videos linked to a single region among 68 tagged Amazon links. Despite the number of affected links, only 0.4% of the channel's total views land on a flagged video, so the practical exposure to viewers is minimal.

HOW AFFILIO HELPS

1 DEAD LINKS

31 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

13 videos linked to one Amazon region

None of the 13 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

3 UNTAGGED LINK

1 raw Amazon link

A bare Amazon link with no affiliate tag earns you nothing, even when it converts — the click still converts, the commission just goes to whoever's tag is on the link. Swap in a tagged link and the same video starts earning again.
