WHAT THIS MEANS

This report outlines the affiliate link health for your YouTube channel, TAETRO. The link health score of 73/100 suggests there are opportunities for improvement. Approximately 13.8% of your total views are landing on videos with flagged affiliate links and a significant portion, 7.6%, of your affiliate links (specifically 7 out of 118 links) are broken or out of date, potentially preventing viewers from making a purchase from your preferred affiliate sources.

HOW AFFILIO HELPS

1 DEAD LINKS

9 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

37 videos linked to one Amazon region

None of the 37 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.
