WHAT THIS MEANS

The channel's link health score is 79 out of 100, with 358 affiliate links detected; only one unique link is broken (appearing seven times) and two links are currently unavailable, while 117 links are limited to certain regions. Most links (238) are tagged for Amazon, but 47 videos point to a single Amazon marketplace and the channel's Amazon storefront does not support OneLink, meaning international viewers are directed to the US store and may not generate commission. Approximately 25.5 % of the channel's total views land on videos that contain these

HOW AFFILIO HELPS

1

DEAD LINKS

3 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2

GLOBAL LINKS

47 videos linked to one Amazon region

None of the 47 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

3

GLOBAL STORE

Amazon store isn't geo-redirected

Your Amazon storefront link doesn't support OneLink, so every international visitor is sent to the US store — and you lose the commission on their purchase. On the Professional plan you set the regional targets once, and Affilio then routes each viewer to their local Amazon marketplace from then on.
