WHAT THIS MEANS

Here's what the data shows: Your link health score of 75/100 indicates room for improvement, particularly with 23 affiliate links discovered, 9 of which are tagged as Amazon links, and 14 videos linked to a single Amazon region, likely losing viewers outside of the US. With a share of 1.8% of your total views landing on flagged videos, addressing these issues can help you recoup lost commission without needing to produce new content.

HOW AFFILIO HELPS

1 DEAD LINKS

9 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

14 videos linked to one Amazon region

None of the 14 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

3 GLOBAL STORE

Amazon store isn't geo-redirected

Your Amazon storefront link doesn't support OneLink, so every international visitor is sent to the US store — and you lose the commission on their purchase. On the Professional plan you set the regional targets once, and Affilio then routes each viewer to their local Amazon marketplace from then on.

Flagged videos		ALL 3, MOST SEVERE FIRST

Swap these in one click

Affilio tracks every link you've shared, flags the ones that stop working, and gives you a replacement link to drop in — no video edits required.
