WHAT THIS MEANS

A Link Health Score of 77/100 reflects a moderate overall condition, with 71 affiliate links identified, including 2 unique broken links that appear six times across videos and 36 links that are only available in certain regions. Approximately 7.6% of your channel's total views land on videos containing these flagged links, and while 33 links are correctly tagged as Amazon affiliates, 37 videos point to a single Amazon marketplace rather than using multi-market redirects.

HOW AFFILIO HELPS

1 DEAD LINKS

2 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

37 videos linked to one Amazon region

None of the 37 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.
