2 untagged Amazon links are quietly leaking revenue on this channel — 82.6% of this channel's viewed videos.

WHAT THIS MEANS

Your channel's high visibility and existing viewership are impacted by link reliability issues, with a Link Health Score of 69 out of 100 and nearly 82.6% of views landing on a flagged video. Specifically, you have 14 unique dead links appearing 1099 times, 22 unique unavailable links appearing 1613 times, and 4880 links with limited regional availability. Fixing these issues compounds into recovered commissions without the need for new content.

HOW AFFILIO HELPS

- 1

AUTOFIX

36 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio checks your full link inventory on a recurring schedule — as often as every 7 days — and repairs dead or unavailable links automatically as soon as they're caught, no manual link-hunting required.
- 2

GLOBAL LINKS

430 videos linked to one Amazon region

None of the 430 Amazon videos route international viewers to their local marketplace. Affilio's region-aware routing sends each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.
- 3

AUTO-TAG

2 raw Amazon links

A bare amazon.com link with no affiliate tag earns you nothing, even when it converts. Affilio auto-wraps links like these with your affiliate tag before the click leaves the page, so nothing slips through untagged.
