WHAT THIS MEANS

The channel's Link Health Score is 60/100, based on 8 affiliate links identified; 2 of those links are broken and the remaining 6 have limited regional availability. Additionally, 5 Amazon videos are linked to a single Amazon region without multi-market redirects, and flagged videos account for roughly 1.3% of the channel's total views.

HOW AFFILIO HELPS

1 DEAD LINKS

2 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

5 videos linked to one Amazon region

None of the 5 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

Swap these in one click

Affilio tracks every link you've shared, flags the ones that stop working, and gives you a replacement link to drop in — no video edits required.
