WHAT THIS MEANS

Voice of plant's score of 77/100 reflects 6 broken links and 8 unique out-of-stock links that recur 93 times, out of 76 total affiliate links, alongside a large 336 regionally limited links. Of the 49 tagged Amazon links, 50 Amazon videos link to a single region without a multi-market redirect. Notably, 69.8% of the channel's total views land on a flagged video, so these issues touch a large majority of this channel's audience despite the moderate score.

HOW AFFILIO HELPS

1

AUTOFIX

14 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio checks your full link inventory on a recurring schedule — every 7 days on Professional, 14 on Boost, 30 on Free — and repairs dead or unavailable links automatically as soon as they're caught, no manual link-hunting required.

2

GLOBAL LINKS

50 videos linked to one Amazon region

None of the 50 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.
