WHAT THIS MEANS

Our review of your affiliate links reveals a concerning trend - 5 unique links are dead and another 16 are unavailable, with the latter appearing 25 times across your videos, which could lead to lost commissions. Furthermore, 15 links have limited regional availability and 32 videos only point to one Amazon region, potentially impacting viewers from other areas. By fixing these flagged items, you can significantly recover lost revenue without requiring new content creation.

HOW AFFILIO HELPS

1 DEAD LINKS

21 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

32 videos linked to one Amazon region

None of the 32 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.
