WHAT THIS MEANS

This channel has a small affiliate link set of 9 total links, with a Link Health Score of 69/100, including 2 broken links and 2 with limited regional availability. Of the 5 tagged Amazon links, all 9 associated Amazon videos link to a single region without a multi-market redirect, though flagged videos make up only 2.2% of the channel's total views - a small share. Given the small numbers involved, any improvement from addressing these issues would likely be modest.

HOW AFFILIO HELPS

1

AUTOFIX

2 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio checks your full link inventory on a recurring schedule — every 7 days on Professional, 14 on Boost, 30 on Free — and repairs dead or unavailable links automatically as soon as they're caught, no manual link-hunting required.

2

GLOBAL LINKS

9 videos linked to one Amazon region

None of the 9 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

Flagged videos		ALL 2, MOST SEVERE FIRST

Fix these automatically

Affilio autofixes broken links, auto-tags raw links, and geo-routes multi-market videos — no video edits required.
