RAW AMAZON LINKS

1

missing affiliate tag

WHAT THIS MEANS

With a Link Health Score of 99/100, this channel's 30 affiliate links are in excellent shape overall - only 1 untagged Amazon link stands out against 29 AliExpress affiliate links, and no broken, unavailable, or region-restricted links are reported. Flagged videos make up just 0.1% of the channel's total views, a negligible share. Tagging the single untagged link could potentially capture a small amount of additional commission, though the impact would likely be minor given the numbers involved.

HOW AFFILIO HELPS

1 UNTAGGED LINK

1 raw Amazon link

A bare Amazon link with no affiliate tag earns you nothing, even when it converts — the click still converts, the commission just goes to whoever's tag is on the link. Swap in a tagged link and the same video starts earning again.

Swap these in one click

Affilio tracks every link you've shared, flags the ones that stop working, and gives you a replacement link to drop in — no video edits required.
