WHAT THIS MEANS

With a link health score of 77/100 across 254 total affiliate links, the channel has 11 broken links and 136 links with limited regional availability, alongside 4 raw, untagged Amazon links against 127 tagged Amazon links. Nineteen Amazon videos are linked to a single region. About half of the channel's total views (50.1%) land on a flagged video, meaning a substantial portion of the audience is exposed to these issues.

HOW AFFILIO HELPS

1 DEAD LINKS

11 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

19 videos linked to one Amazon region

None of the 19 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

3 UNTAGGED LINK

4 raw Amazon links

A bare Amazon link with no affiliate tag earns you nothing, even when it converts — the click still converts, the commission just goes to whoever's tag is on the link. Swap in a tagged link and the same video starts earning again.
