WHAT THIS MEANS

With a link health score of 60/100 across 37 total affiliate links, the channel has 8 broken links appearing 13 times and 6 unavailable links appearing 10 times, plus 49 links with limited regional availability. Thirty-eight Amazon videos are linked to a single region among 11 tagged Amazon links. About 24.4% of the channel's total views land on a flagged video, meaning close to a quarter of the audience is exposed to these issues.

HOW AFFILIO HELPS

1 DEAD LINKS

14 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

38 videos linked to one Amazon region

None of the 38 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.
