WHAT THIS MEANS

The report indicates that the channel maintains a Link Health Score of 60/100, with 3 broken links out of 49 affiliate links found, and 1 link unavailable at the current time. However, it has been noted that 70 links have limited regional availability, which may impact viewers in regions where the items are not in stock.

HOW AFFILIO HELPS

1 DEAD LINKS

4 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio re-checks your link inventory for new breakages (every 30 days on Free, 14 on Boost, 7 on Professional) and puts the moment one goes bad at the top of this list — so you swap in a working link while the video is still earning, instead of hunting for it months later.

2 GLOBAL LINKS

22 videos linked to one Amazon region

None of the 22 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

3 UNTAGGED LINK

2 raw Amazon links

A bare Amazon link with no affiliate tag earns you nothing, even when it converts — the click still converts, the commission just goes to whoever's tag is on the link. Swap in a tagged link and the same video starts earning again.
