WHAT THIS MEANS

A Link Health Score of 80/100 shows the channel’s affiliate linking is generally solid, but there are a few areas to note. One of the three affiliate links is limited to certain regions, and both Amazon links point to a single Amazon marketplace without OneLink support, so international viewers are directed to the US store and may not generate commission; this currently affects about 6.4% of the channel’s total views that land on the flagged videos.

HOW AFFILIO HELPS

1GLOBAL LINKS

2 videos linked to one Amazon region

None of the 2 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

2GLOBAL STORE

Amazon store isn't geo-redirected

Your Amazon storefront link doesn't support OneLink, so every international visitor is sent to the US store — and you lose the commission on their purchase. On the Professional plan you set the regional targets once, and Affilio then routes each viewer to their local Amazon marketplace from then on.
