WHAT THIS MEANS

Your channel's current affiliate link health has room for improvement, with a Link Health Score of 40/100. Specifically, we've detected 4 affiliate links with all of them being untagged Amazon links that have appeared 24 times across videos linking to one Amazon region, and it's worth noting that 12.7% of total views on your channel are currently landing on flagged videos. By optimizing your affiliate links, you can unlock the potential for recovered commissions without the need to create new content, ultimately driving a more efficient revenue stream for your channel.

HOW AFFILIO HELPS

1GLOBAL LINKS

24 videos linked to one Amazon region

None of the 24 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

2UNTAGGED LINK

4 raw Amazon links

A bare Amazon link with no affiliate tag earns you nothing, even when it converts — the click still converts, the commission just goes to whoever's tag is on the link. Swap in a tagged link and the same video starts earning again.
