WHAT THIS MEANS

The channel's Link Health Score is 81 / 100, with 23 affiliate links identified; 24 of those links have limited regional availability and 38 Amazon videos are linked to a single Amazon marketplace. Because the channel's Amazon storefront does not support OneLink, international viewers are sent to the US store, and with 15.4 % of total views landing on a flagged video, this setup may cause missed commissions from non-US purchases.

HOW AFFILIO HELPS

1 GLOBAL LINKS

38 videos linked to one Amazon region

None of the 38 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

2 GLOBAL STORE

Amazon store isn't geo-redirected

Your Amazon storefront link doesn't support OneLink, so every international visitor is sent to the US store — and you lose the commission on their purchase. On the Professional plan you set the regional targets once, and Affilio then routes each viewer to their local Amazon marketplace from then on.
