HOW AFFILIO HELPS

1 AUTOFIX

8 broken or unavailable links detected

Each of these links loses you commission every time it's clicked instead of converting. Affilio checks your full link inventory on a recurring schedule — every 7 days on Professional, 14 on Boost, 30 on Free — and repairs dead or unavailable links automatically as soon as they're caught, no manual link-hunting required.

2 GLOBAL LINKS

33 videos linked to one Amazon region

None of the 33 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

3 AUTO-TAG

1 raw Amazon link

A bare amazon.com link with no affiliate tag earns you nothing, even when it converts. Affilio auto-wraps links like these with your affiliate tag before the click leaves the page, so nothing slips through untagged.
