HOW AFFILIO HELPS

1 GLOBAL LINKS

3 videos linked to one Amazon region

None of the 3 Amazon videos route international viewers to their local marketplace. Afflio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

2 GLOBAL STORE

Amazon store isn't geo-redirected

Your Amazon storefront link doesn't support OneLink, so every international visitor is sent to the US store — and you lose the commission on their purchase. On the Professional plan you set the regional targets once, and Afflio then routes each viewer to their local Amazon marketplace from then on.
