WHAT THIS MEANS

The channel's Link Health Score of 85/100 indicates generally good performance, but 24 of the 148 affiliate links have limited regional availability and nine Amazon videos link only to a single Amazon marketplace. Because the Amazon storefront does not support OneLink, international viewers are redirected to the US store, which can result in lost commission on non-US purchases. Currently, 6.2% of total views land on a flagged video, suggesting a modest exposure to these issues.

HOW AFFILIO HELPS

1 GLOBAL LINKS

9 videos linked to one Amazon region

None of the 9 Amazon videos route international viewers to their local marketplace. Affilio's Professional plan routes each viewer to their own local Amazon marketplace automatically — set it up once per link, and every future click routes correctly on its own.

2 GLOBAL STORE

Amazon store isn't geo-redirected

Your Amazon storefront link doesn't support OneLink, so every international visitor is sent to the US store — and you lose the commission on their purchase. On the Professional plan you set the regional targets once, and Affilio then routes each viewer to their local Amazon marketplace from then on.
